

RIISING TO THE CHALLENGE:

A Turning Point for Rhode Island's Energy Future

Tuesday, April 19th
1:00-2:30pm

Keynote: National Perspective

Whitney Muse

Chief of Staff, Office of Electricity
U.S. Dept. of Energy

As we navigate into a new era of tackling the complex issues surrounding energy and climate change, Rhode Island is poised for action through bold decision-making and coordinated efforts. This virtual public forum will bring together expert panelists in a variety of roles to discuss the future of our energy landscape – from state goals to regional collaboration and national leadership.
